

Guidelines for Poster Development

At least one author must register for the WOCNext 2022 conference by Tuesday, March 1, 2022.

Poster Information

- All posters will be displayed as ePosters.
- At time of acceptance, authors will declare their intention of presenting their poster in a traditional format in addition to their ePoster
- If you have chosen to present your poster in a traditional format, you will receive a new number indicating where in the exhibit hall to display your poster
- Attendees will have access to your ePoster a few weeks prior to WOCNext, through the event, and for a few weeks post event.
- There are interactive features to the ePosters, such as audio/visual syncing to sections of an ePoster and short video presentation uploads. While this is optional, we highly encourage you to use these features. Look for these features, and how to utilize them, during the ePoster upload process in the Abstract Presenter Center (link in your acceptance notification) or on the [ePoster Information page](#) of the event website.
- Below is a short list of requirements for your ePoster submission:
 - Use PowerPoint 2007 or newer- a template is provided in the Abstract Presenter Center (link in your acceptance letter)
 - Number of pages (slides): one (1)
 - Max file size accepted: 204,800KB (200MB)
 - Dimensions: 43.6" (110.7 cm) width x 24.5" (62.2 cm) height in landscape orientation.
 - Make sure your text and background have a large contrast.
 - A minimum 24-28 point size (or bigger).
 - For embedded images we recommend using .jpg or .png file formats in a resolution of 72 or 96 dpi.
 - Do not use animated effects, "animations," or videos.
 - **Save space for controls:** When the full-size ePoster is displayed at the meeting, there will be some controls covering a small area in the lower right-hand corner, and some additional information will be displayed in a small area in the upper right-hand corner. We recommend leaving those areas blank (as shown on the template).
 - Before submitting, save your poster as a PDF file.

A more detailed set of instructions and specifications for creating and uploading your ePoster can be found in the Abstract Presenter Center (link in your acceptance notification) as well as [online here](#).

Your ePoster needs to be uploaded to the Abstract Presenter Center no later than April 29, 2022.

Arranging Content

- Be sure your slide dimensions are: 43.6" (110.7 cm) width x 24.5" (62.2 cm) height in landscape orientation.
- It is best to arrange written materials in columns.
- Text should supplement graphics -- the ePoster is primarily a visual, rather than a written, presentation.
- An introduction should be placed at the upper left and a conclusion at the lower right, both in large type.
- The sequence of illustrations should be indicated with numbers or letters. (Omit "Fig." or "Figure" - it is unnecessary and occupies too much space.)
- Each figure or table should have a heading of one or two lines in large type stating the point of its message.
- Detailed information can be provided in a legend in small type below the figure. These legends should be brief, yet informative.
- Charts, drawings, and illustrations might be similar to those used in making slides, although preferably simpler (avoiding unnecessary details) and more heavily drawn.
- Keep everything as clear as possible. Full sentences are not required. Main points displayed with bullet points is perfectly acceptable.
- Your ePoster should be self-explanatory so that you are free to supplement and discuss particular points raised by viewers. Viewers will have the ability to message ePoster presenters with their questions or comments. This will go to your email address provided during submission but will not publicly post your email address. You can then communicate via email after the original comment/question is submitted.
- Create interactive sections (optional) of your ePoster in the order of which the content is meant to be viewed. Instructions for this new feature can be found in the Abstract Presenter Center (link in your acceptance notification) or on the [ePoster Information page](#) of the event website.
- **ANCC Contact Hour – Dos & Don'ts**
We are unable to offer ANCC Contact Hours for ePosters that are not aligned with the following Dos & Don'ts
 - **Don'ts:**
 - Educational materials that are part of accredited education (such as slides, abstracts, handouts, evaluation mechanisms, or disclosure information) must not contain:
 - Any marketing produced by or for an ineligible company (aka industry, see examples [here](#)), including corporate or product logos, trade names, or product group messages.
 - Unscientific approaches to diagnosis or therapy, or recommendations, treatment, or manners of practicing healthcare that are determined to have risks or dangers that outweigh the benefits or are known to be ineffective in the treatment of patients.
 - Any active promotion or offers to sell products or services that serve the presenter's professional or financial interests during accredited education.
 - Links to any ineligible company or product website
 - Images or pictures that include products with trade or company names visible
 - **Do's:**
 - Authors WHO SUBMITTED DISCLOSURE STATEMENTS AT THE TIME OF ABSTRACT SUBMISSION
 - At least three current references
 - All recommendations for patient care in accredited continuing education must be based on current science, evidence, and clinical reasoning, while giving a fair and balanced view of diagnostic and therapeutic options.

- All scientific research referred to, reported, or used in accredited education in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection, analysis, and interpretation.
- *If applicable*, evolving topics are presented without advocating for, or promoting, practices that are not, or not yet, adequately based on current science, evidence, and clinical reasoning.
- Only the relevant relationships with ineligible companies are included in the disclosures.

Common mistakes made in poster development are highlighted in yellow in the sample below.

1. Use of company Name
2. Incorrect use of WOCN- should be WOC nurse
3. HPI data included

All Posters will be reviewed prior to posting on the conference website. If errors are in place that will affect ANCC Contact Hour certification or incorrect use of terms such as WOCN, you will be asked to make corrections. *If you are unable to make corrections prior to the predetermined deadline and do not contact the abstract chair, your poster will not be included in the poster website.*

SAMPLE ePOSTER

Development of a Multidisciplinary Team to Prevent Peristomal Hernia at MY Hospital Name

Carole Bauer, MSN, RN, ANP-BC, OCN, CWOCN, My Hospital, My City and State

Leave Empty

This space will be automatically filled with a QR code and number for easy sharing

Topic:

➢ Peristomal hernia (PH) is a pervasive, costly, and distressing problem for those with permanent ostomies.

➢ The prevalence of PH is not known as it has not been consistently defined or measured (Salvadelena, 2008). However, it is estimated that 20% to 78% of those with an ostomy are living with a PH.

➢ PH has been linked to impaired quality of life which stem from various physical, psychological, social and spiritual issues associated with having an ostomy.

➢ Persons with PH experience increased difficulties with pouch adherence, leakage, and supply use. At times, it may be difficult to conceal a bulging PH making it difficult to find clothing that fits properly

➢ More severe problems such as bowel strangulation, perforation and obstruction can be life threatening (WOCN, 2011).

Objective:

➢ To develop and implement a formalized multidisciplinary program to promote adherence to hernia prevention self-care practices. Patients will wear a hernia belt from XYZ company.

➢ Decrease the prevalence of peristomal hernia (PH) among patients undergoing permanent ostomy surgery for cancer or inflammatory bowel disease.

Process:

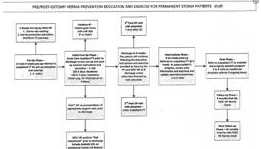

WOCN NP identified a need with in the health system for prevention of peristomal hernia.

Brainstorming and literature review drove the formation of a multidisciplinary team to work on interventions for peristomal hernia prevention. Three members- PT, WOCN NP, and PT administrator worked on the initial program

PT administrator worked with both inpatient PT and outpatient PT departments to format an acceptable patient flow

Multiple meetings using face to face and electronic meeting format were utilized to formulate and bond the team.

Patient flow was developed and education tools for each discipline of the team were developed.

Patients in the Program:

• Patient 1- (H DOB 3-5-79 a male under went colectomy for Crohn's disease and developed a hernia

3

• Patient 2 SM DOB 6-8-45 female post APR for rectal cancer

Outcome:

➢ Our interdisciplinary hernia prevention pathway demonstrates flow process, points of contact with the patient, and discipline-specific interactions expected at each point of contact.

References:

• This work supported by grant from the Great Nursing World Foundation

Will be covered by controls if you define slides

ANCC Contact Hour vs. Non- ANCC Contact Hour ePosters

Non- ANCC Contact Hour ePosters are accepted abstracts submitted by an author with unresolvable relationships with ineligible companies. Having an unresolvable relationship with an ineligible company does not exclude abstracts from being accepted, displayed as an ePoster at WOCNext 2022 or able to win a merit award, it simply means that no ANCC Contact Hours will be awarded for these abstracts due to ANCC

standards requiring separation between promotion and education. These ePosters will be displayed separately from the ANCC Contact Hour ePosters in the meeting abstract site.

Traditional Posters

If you have also chosen to present your poster in a traditional in-person format, you will display your printed ePoster

Guidelines for Paper Poster Set-Up

- You will be provided with a freestanding 4 feet x 8 feet poster board on which to display your materials. Do not move the location of your poster. THE POSTER DOES NOT HAVE TO BE THAT SIZE. It’s actually better if it’s smaller
- Materials should be on thin poster paper, cardboard or fabric -- anything heavier will not stay in position.
- You will be provided with push pins for use in attaching your poster to the board.
- Copies of the poster are the only handouts that will be permitted and should be 8-1/2 inches x 11 inches.
- We will provide a legal-sized pocket for each poster board to place handouts.
- No materials should extend beyond the perimeters of the board (above, below or on the sides).
- Please do not write or paint on the poster boards or use double-faced tape.
- Do not leave anything on the floor near or under the poster board once it is set up. This is a safety hazard, and any losses are not the responsibility of the society.
- Follow the established schedule for set-up and teardown times. There will be directions in the poster hall. Any losses incurred by late teardown are the responsibility of the poster presenter.
- Projection equipment, videotape recorders, and electrical outlets will not be available in the poster session area.

On Site Schedule

- Poster Set Up is Saturday, June 4th from 2:00 pm – 5:00 pm.
- All presenting authors are required to attend the “Meet the Poster Authors” session on Tuesday June 7th at 12:15 PM. If you are an e-poster author, you will receive direction regarding time and location that you will need to be present by the poster monitor.
- Poster Pick Up is Wednesday, June 8th from 1:00 pm – 2:00 pm - Posters **must** be picked up by **2:00 pm** from the Poster Hall. Posters left after 2:00 pm on Wednesday, June 8th will be discarded!

The WOCN Society is not responsible for missing or discarded posters.

Preliminary Poster Session Dates and Times (subject to change)

Saturday June 4th	2:00 pm - 5:00 pm	Poster Set-Up
Sunday, June 5th	8:30 am - 8:00 pm	Open Poster Viewing
Monday, June 6th	8:30 am - 5:30 pm	Open Poster Viewing
Tuesday, June 7th	8:30 am - 3:00 pm <i>12:30 pm</i>	Open Poster Viewing <i>Meet the Authors (must be present)</i> Awards Presentation

Wednesday, June 8th	8:00 am - 12:00 pm 1:00 pm - 2:00 pm	Open Poster Viewing Poster Pick-Up
---------------------	---	---------------------------------------

Poster Merit Awards

All submitted abstracts undergo a rigorous peer review process to determine acceptance for presentation at the conference. The top scoring ePosters in each category are then peer reviewed during the event to determine merit award winners for the categories of Case Study, Practice Innovation, and Research. Awards will be announced during the Abstracts General Session on Monday, June 6, 2022 from 9:50 am – 10:10 am.

At least one author must register for the WOCNext 2022 conference by Tuesday, March 1, 2022.
